## Mean Business

Tobacco farmers in three states who have practiced the new method of co-operative marketing for the past three and a half years have set their seal of approval upon the orderly selling of tobacco by definitely committing themselves to re-sign up of a majority of the growers from 1927 to 1931.

The Tobacco Growers Co-operative Associatio n has now received a total of close to 500,000,000 pounds of tobacco since it began operations in 1922 and it is a fact that the money which was received by its members for the tobacco delivered during that period is well above the average price paid for tobacco during any five years in history with the one exception of the World War period.

Virginia dark-fired growers are now demanding a 75 per cent sign-up of all the dark tobacco in their state. They have already signed up 7,000,000 pounds on 17 per cent of the total production in Virginia. The tobacco farmers of the old belt of Virginia and North Carolina are planning reorganization on the basis of a 65 per cent control contract and the South Carolinians who have benefitted greatly from the association during the present season, are this week commencing the active campaign for signers which has a sign-up of 65 per cent of all tobacco in the South Carolina belt as its definite goal.

In none of these three belts are the farmers willing to carry on an association without a majority sign-up of the growers and in the old tobacco belt of North Carolina and Virginia as well as in South Carolina provision is made in the future contract, approved by the representatives of the membership, that should the sign-up fall short of 65 per cent, signers shall have the privilege of withdrawing their names during a definite period. Provided with drawals do not reduce the percentage below 50 per cent of the production of the belt, this 50 per cent or more will organize into an association. Otherwise there will be no association.

## STONEWALL

People are busy killing hogs, cutting feed and selling tobacco, getting ready for Xmas, which will soon be here.

Mr. J. T. Whitten went to Lynchburg last week for an operation, he was operated on Saturday and is getting on nicely.

A GIFT
For the Entire Family

Here is a gift that will bring Christmas cheer to the entire family. It's the new Sunbeam Cabinet Heater, a warm-air circulator, that will give comfort and enjoyment to every member of the household all winter long. The

SUNBEAM CABINET HEATER

is a practical gift and a good-looking one, as attractive in appearance as a fine piece of furniture. It's a new kind of heating system that takes the place of two or three stoves, and pays for itself in savings in fuel. Although it requires no basement, the Sunbeam circulates moist, warm air like a furnace instead of radiating heat like a stove, thereby maintaining an even temperature upstairs and down in the home of five to seven rooms. It is made in two finishes—Genuine Walnut and Olive Green porcelain enamel fused on Armco Iron.

Come in today and let us demonstrate the Sunbeam Cabinet Heater for you. We can deliver it for Christmas Day.
